

## DEVILS BOWL AND LOOKOUT

June 14th beginning at 10:30 am from the Tim Hortons on the SW corner of Mud Street E and Upper Centennial Parkway.

Our first stop on this tour will be at the devil's Bowl. About 5 minutes after we start the tour.

Sitting on the edge of the escarpment it provides spectacular views of Lake Ontario, Hamilton, Burlington, Oakville and beyond to Toronto. If we have a clear day we maybe able to see the CN Tower.

There is a very large cross on this site that is lit up and you can see it at night while traveling the QEW .

## MORNINGSTAR MILLS

Our next stop and a chance for a bio break is this mill situated on the Decew Falls and using it's power to run the oldest working mill in Ontario. We can stretch our legs and get a view of the falls. **I have arranged a private tour of the Site!**

Morningstar Mill

We will cross the Welland Canal on 20 Hwy

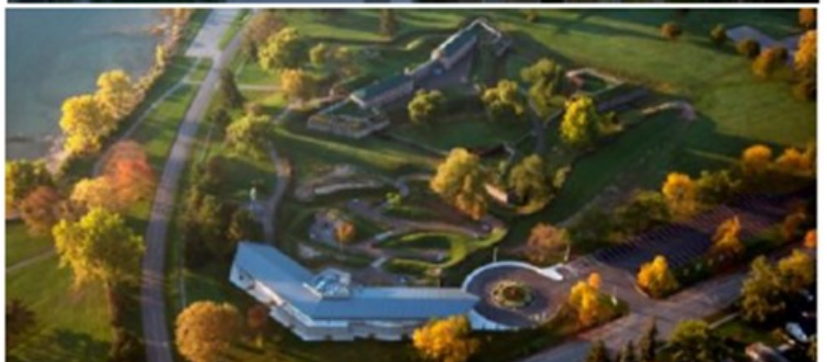

**\*NOTE hopefully the bridge won't be letting a vessel through.**

Meandering down through the rest of the escarpment to end at the Old Fort Erie where we can have a picnic lunch on the grounds or take a tour.

Cost of tours is \$12.50 + tax. But a Heritage Trail Pass is \$20.95 + tax. Which covers 4 sites and is good for use during the year.

- 2) Mackenzie Printery
- 3) Laura Secord Homestead

A re-enactment takes place at the Fort.
