Parking info for the Brewhouse

If we can all get into the lot beside & behind the Brewhouse that would be great - it's going to be tight so don't be afraid to double park around our members (be sure to leave room for Brand-X's to get out).

Failing that, there is another public lot on St. Patrick St. Go right out of the Brewhouse and take the 2nd Left onto St. Patrick - Parking is down the road a bit on the Left.

There is also street parking along St. Andrew. That's a Right out of the Brewhouse, 1st Right onto St. Andrew, down the road a bit. Park on the road facing East - you'll need to U-turn or go around the block when leaving.

Some of the things you'll see

The Arkell General Store

Used to be a post office in the 1800's,
may soon become a casual Bistro.

Corner of Arkell Rd. & Watson

Prospect Park - Acton

Surrounded by Fairy Lake, this scenic park
is where we'll have a brief stop for a stretch
and to use their very clean facilities.

St. Peter's Catholic Church, Oustic

Built in the 1840's by Irish Catholic
settlers.

Corner of 5th Line & Wellington Rd 22

Belwood Lake

Created in 1942 with the construction of the
of the Shand Dam, the first dam in Canada
bulit solely for water control purposes.
The flow from the dam is used to generate
hydroelectricity.
The 12 km-long lake offers excellent
boating, fishing and water-skiing.

Our lunch spot for today, nestled by the Grand River in downtown Fergus.
