

Tour to the Gilmore Car Museum

August 19 - 21, 2016

The Gilmore Car Museum as it appears today.

Tour to the Gilmore Car Museum

Seven cars have joined this destination tour to the Gilmore Car Museum at Hickory Corners, Michigan. Our accommodation at Gull Lake Inn, Richmond Michigan is about 560 km / 350 mi or six hours and 55 minutes from our start in eastern Oakville.

The tour starts at the Tim Horton's at 2960 S. Sheridan Way, Oakville just west of Winston Churchill Blvd and south of the QEW. at 9:00 AM, Friday August 19,2016.

Our drive in Canada is on Super Slab and we continue on the same kind of highway for a short distance in Michigan before taking the less travelled and mostly rural two lane M(ichigan) highways.

Lunch is scheduled for the Cracker Barrel Old Country Store restaurant on Water Street, Port Huron. This place was chosen because it is close to the border, easy to get to, and it is a good place to congregate and wait should we become separated by the border crossing process. Besides, we should be hungry by this time.

The afternoon drive will be on mostly country roads with some towns and cities. Turn by turn directions are included in this booklet.

The Gilmore Car Museum

Mission Statement

The Mission of the Gilmore Car Museum is to collect, preserve, exhibit, and interpret the history of transportation in America; to connect people with the heritage and social impact of the automobile; and to provide an understanding of the past, embrace the present, and imagine the future.

History

The Gilmore Car Museum began in the early 1960s when Donald S. Gilmore began collecting vintage automobiles. We know now that some of the first vehicles in his collection included a 1927 Ford Model T, a 1913 Rolls Royce, and a 1930 Pierce-Arrow. Restoring that classic Pierce-Arrow, which is still on display at the museum, ignited a passion. Over the years that followed, Donald continued buying and restoring some of the world's most iconic automobiles, and his collection quickly grew.

To accommodate his collection, he acquired 90 acres of farmland in south-western Barry County, Michigan in a small town near Gull Lake known as Hickory Corners. He also purchased several historic barns, had them dismantled, and moved to the site, a stroke of inspiration that gives the museum its unique character.

It was Genevieve who came up with the idea of turning the collection into a museum, which would allow future generations access to Donald's one-of-a-kind collection. The Genevieve and Donald S. Gilmore non-profit foundation was established and the museum opened to the public for the first time on Sunday, July 31, 1966.

The Gilmore Today

Today, the Gilmore Car Museum's 90-acre Historic Campus includes numerous historic structures, including vintage dealerships, a small-town train depot, a fully-functioning 1941 Silk City Diner, a recreated 1930s Shell Station and so much more. There are more Pierce-Arrows here than in the Buffalo Transportation Pierce-Arrow museum. Tucker's archive is here, and many marque club's have cars on permanent display here. Stroll the grounds and you'll often catch a glimpse of an antique car out for a drive. Along with the exceptional collection of vehicles, you'll also find over 100 restored children's pedal cars on exhibit, plus one of North America's largest displays of automotive mascots. It's truly a place like no other.

GET SO CLOSE TO HISTORY, YOU SENSE THE PASSIONS OF THE PEOPLE WHO MADE IT.

Far from the predictability of all-too-common family attractions, on a two-lane country road in the fertile heartland that gave birth to the auto industry, is a 90-acre Historic Campus from a near-forgotten time. Here you'll find America's Signature Collection of vintage vehicles. And you'll find an experience like no other.

THIS IS THE GILMORE CAR MUSEUM.

Here, couples share the memories of nearly forgotten childhoods. And grandchildren chase the past on sunlit awns. Old friends shoot the breeze in an old-fashioned gas station. Families top off lunch at a vintage diner. Children stand inches from a 1930 Rolls-Royce that's literally from a Disney® movie. And grandparents share stories about a '57 Chevy, as their smiles are reflected in the car's chrome.

Stroll the Historic Campus. Explore every corner and detail of our beautifully restored buildings. Walk right up to America's Signature Collection. See over 400 extraordinary vehicles that date from the birth of the automobile to the present day.

Then meet their makers—the villains and scoundrels, the geniuses and innovators who gave our world its wheels. From pedal cars to a research library, to a stunning exhibit of hood ornaments and a museum store, you'll find something for everyone. And finally, you'll find an unwavering commitment to maintaining an experience, and a collection, second to none.

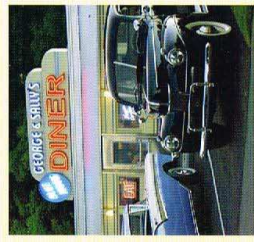

At every exhibit and collection located within the Gilmore Car Museum campus, you'll walk right up to automotive history.

- Lincoln Motorcar Museum

IT'S ABOUT MORE THAN CARS. IT'S ABOUT AN AMAZING EXPERIENCE.

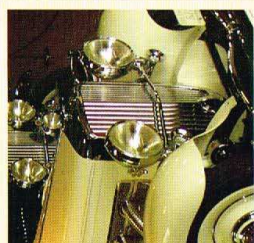

- **1930s Shell Gas Station.** An authentic re-creation of a Shell Service Station, complete with a vast display of memorabilia from the days when gas was only 18 cents a gallon.
- **1941 George & Sally's Blue Moon Diner.** This restored, historic roadside diner serves thousands of guests each year. Sit in a booth or at the counter. Have a piece of pie or enjoy some frozen custard under the shade of a nearby tree.

- **Hood ornaments and mascots.** From iconic trademarks to hood ornaments custom-designed for drivers in a bygone era, you'll find them here, in one of North America's largest collections.
- **Disney magic and more.** From a movie set and car from the 1967 Disney film "The Gnome-Mobile" to vintage toys and pedal cars, there's something here for every kid (no matter your age).
- **Always something new.** From exciting rotating exhibits to the Museum's ever-expanding collection, surprises await you at every turn.

IT'S AMERICA'S SIGNATURE COLLECTION.

And the ultimate automotive experience. With picnic areas, room to roam and so much to enjoy—not to mention Fords and Cadillacs, Duesenbergs and Packards, muscle cars, motorcycles and a Tucker—the Gilmore Car Museum is the ideal place to spend a day, a weekend or even a mini-vacation.
