

GOLF OPEN 2016

If you are like me, the Miata is just one of the many things that you enjoy in life. One of my other passions is golf. And with that in mind, I aim to coordinate what I believe to be the first ever Golf Tournament for our car club.

Whether you are an avid golfer or just like to hack around, this is the tournament for you. This will be what is commonly referred to as a best ball tournament. Simply put, everyone hits their ball and once the best lie is determined, everyone moves their ball to that spot and hits again. In other words, you are playing as a team and not as individuals that way everyone can contribute. There are of course a few rules to even out the odds but it is designed for fun and entertainment.

I am currently scheduling the tournament for the afternoon of the 13th of August 2016, which will possibly be followed up with a free BBQ put on by the Tournament Organizer in his backyard depending on the number of participants. Oh, that's me! With that in mind, we will be at a golf course in the Cambridge/Kitchener area. Just a note for you avid golfers, we will not necessarily be playing a high end course as we will first be trying to keep the costs down and secondly

make sure that the non golfers in the group are not overly intimidated by the skill level required.

This will in all likelihood be a 9 hole tournament which will take approx.: 2.5 hours to play with a drive to my place afterwards of less than 10 minutes.

So if what you have read thus far interests you, please send me an email indicating your interest before the 29th of February and if there are sufficient overall numbers, we will proceed with further development of the tournament.

Oh! Just three other items to consider.

- 1) Miatas are optional. As this is a golf outing, you may not be able to get your clubs into your Miata especially if you are bringing your partner with you to either participate as well or for them to just attend the BBQ.
- 2) Preformed groups are welcome and anyone not assigned will be placed in a group based on providing a mix of skill levels and knowledge of the game.
- 3) If your significant other is not a golfer, we can look at local activities prior to the BBQ portion for them to participate in while you are playing.

So drop me a line and we will see what we can get going.
