

The Underground Miata Network
Presents
Canada's Capital Miata Meet 2015
7th – 9th August, 2015

In August 1995, a group of Miata aficionados gathered in a basement rec room to plot the formation of a Miata Club for Ottawa and Gatineau. They did not want to fall under umbrella organizations of Ontario, Canada or North America. It was decided to fly under the radar, make their own rules, and do their own thing.

Thus the ***Underground Miata Network*** was born.

August 2015 will mark the 20th anniversary of UMN and we will be hosting a major touring event in our home town. Straddling both Ontario and Quebec we have inherited both English and French cultures.

The **Canada's Capital Miata Meet 2015** will show case the beautiful scenery and interesting roads of Eastern Ontario and Western Quebec. Participants will also be exposed to the rich history, warm hospitality, and delectable cuisine of our bilingual culture.

You are cordially invited to join us in Canada's Capital city to celebrate UMN's 20th Anniversary. What better way to rejoice the sense of freedom and the spirit of adventure that are the foundations of both the Miata and UMN.

Pour nos amis du Québec, avec lesquels nous avons maintes fois fraternisé, la célébration de notre 20^{ième} anniversaire nous permettra de vous remercier de votre généreuse hospitalité au cours des ans. Nous vous souhaitons bienvenue à Ottawa en Août 2015.

The Touring Program:

Come join us in Canada's capital city and travel the country roads of Eastern Ontario and Quebec. How about a trip to the **Thousand Islands** for a boat cruise or, perhaps a drive to **Upper Canada Village**; which depicts a 19th century village in Upper Canada.

Alternatively, you might like a tour to our neighbouring province of Quebec to the picturesque village of **St Sauveur** and enjoy the culture of French Canada. If that's not enough French culture, how about a trip to **Oka**, and then on the way back, stop at **Le Chateau Montebello**, made entirely of red cedar logs where Presidents, Prime Ministers and other world leaders have stayed.

Whether it's a trip to one of the above locales or, perhaps a shorter ½ day tour to one of our outlying towns, there will also be other tours to choose from to satisfy your touring demands; so come and enjoy our Canadian hospitality, where we will be sure to make you feel at home.
