

VERMONT 2015 MAPS and OVERVIEW

The GPX files "Vermont 2015" and what it contains is categorized **as follows**

Refer to the paper instructions for waypoints shown below.

Don't forget your Passports

1. **GPX 2015 HP-Vermont-Smug Yes (or No)**

Port Hope Comfort-Inn to Vermont

The reference to "Smug Yes" or "Smug No" for both GPX and map files is whether or not Smugglers notch will be open. This was unknown at the time of mapping the tour.

First group Departs Comfort Inn @ 8:00 am. **(Drivers meeting at 7:30)** using Telephone Road directly behind the hotel and then linking up to the 401.

- Total travel time is +/- 5Hrs 30 min.

A FEW FINAL NOTES

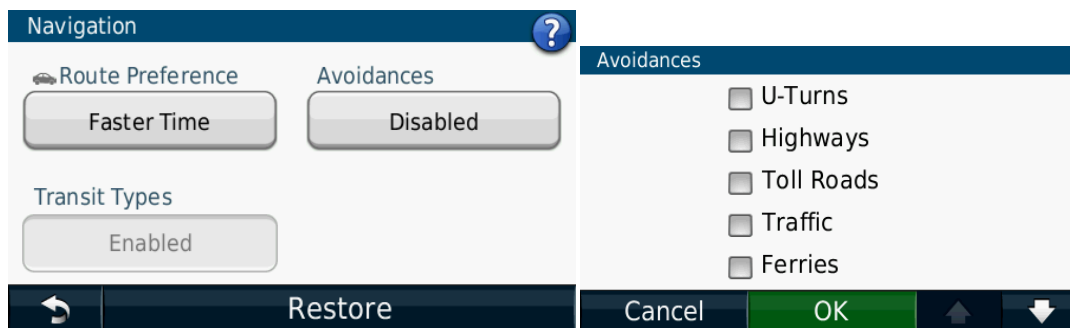

1. The PDF maps found on the web site are for your use and up to you to print should you choose to use them.
2. Fuel up the night before the tour(s).
3. Follow proper touring etiquette.
4. Smugglers Notch intersection below as seen travelling on 15 East on Friday. Keep right onto 108 S if the Notch is open.

5. You might see some wiggles on your GPS from time to time. Not all units are configured the same. Don't worry and don't follow then into the cow pasture.

6. Please also remove all avoidances from your GPS so that everyone is on the same page as shown below.

Bernie's Weasel clause

Way points shown in the GPS and on the paper mapping instructions are simply used to construct the route using (2) separate programs. **They will not coincide.** However, the directions will.

Have fun.
