A FEW FINAL NOTES

1. The PDF maps found on the web site are for your use and up to you to print should you choose to use them.
2. Morning Driver meetings will be held 30 minutes prior to departure time.
3. Fuel up the night before the tour(s).
4. Follow proper touring etiquette.
5. Smugglers Notch intersection below as seen travelling on 15 East on Friday. Keep right onto 108 S if the Notch is open.

6. You might see some wiggles on your GPS form time to time. Not all units are configured the same. Don't worry and don't follow then into the cow pasture.

7. Please also remove all avoidances from your GPS so that everyone is on the same page as shown below.
