

Lapping Sessions for Street Cars

**Grand Prix Track
Canadian Tire Motorsport Park**

**Thursday, June 15th
Test Day of the VARAC
Vintage Grand Prix
Weekend**

Do you and your ride need a taste of high performance driving on an internationally acclaimed race track, a track driven by so many of your heroes?

Heroes? Think Moss, Andretti, Brabham, Foyt, Lauda, Hill, McLaren, Hulme, Donahue, Stewart, Petty, Fangio, Clark, Ward, Unser, Mears, Johncock and the Villeneuves.

Or maybe more modern heroes, Hinchcliff, Moffit, Tagliani, Lacroix, Molina, Vilander, Parente, Soucek, Jarvis, Nunez, Montoya, DeAngelis.

No matter who your heroes are, here is a chance to experience the same excitement these famous drivers sampled at our own legendary "Mosport" Grand Prix Track.

Experience a "no speed limit" event, where you, in your car, can learn, improve and test your driving skills under race track conditions. Some say "The most fun you can have sitting down!"

Smiles will abound!

This lapping event is a popular feature of our club's big vintage race weekend. The Street Car Lapping group is one of three run groups taking turns, doing 20 minute sessions on the track, the other two groups being Open Wheel Vintage Race Cars and Closed Wheel Vintage Race Cars. Truly interesting cars being driven by very interesting people. A good number of these drivers have agreed to join you and provide any required assistance and mentoring during your Lapping Sessions experience.

- Entry, per motorsport regulation, is limited to 35 cars.
- \$450 per entry (car and driver), a light lunch is included.
- If you are or become a VARAC member (\$50 annually) the cost is \$375 per entry and you still get lunch! <https://varac.ca/membership/become-a-member>
- Full track marshalling and safety crews will be in place.
- Mentors will be assigned to drivers who want or need them.
- Experience and gained skill level will determine when a driver will be encouraged to go solo.
- Faster drivers passing slower drivers, is carefully mandated to provide the safest possible conditions while having the most fun!

Driver/Car requirements:

- **Any entrant must clearly understand and formally agree to our Lapping Day Regulations.**
 - **Our regulations include car preparation, personal protection and driver behavior.**
- Register now and avoid disappointment.
- Lapping Regulations will be posted in the very near future.

For more information and a copy of the Regulations, Email neil.young7@gmail.com or register now at motorsportreg.com
