Touring

We tour a variety of back roads, discovering hidden gems along the way such as forgotten towns, museums, historical sites, culinary establishments, etc. Our tour leaders are always hunting for new twisty and hilly roads with pretty scenery to share with club members. But mostly, we excel at enjoying & sharing the pure pleasure of the open roads & top-down driving with our fellow members and Miata enthusiasts.

Club Meetings

Members meet on a regular monthly basis and are normally held at a central location. Great opportunity to meet MX-5 Miata friends over coffee and hear plans of the club.
